the tube profiles, a stainless bike can be just as lively as the best steel frame, but it can be snappier. And, of course, stainless tubes are much stronger, and they have a naked finish that lasts without ever getting tarnished. I don't think there's any wall surface that has a harder surface than a stainless tube. The Surge of Stainless Steel | Road Bike Action The standard 700C-wheeled Fast Road is, he says, "what would 15 or 20 years ago have been a racing bike - a lightweight steel road bike. If you put a carbon fork in you could race on it." Steel bikes: best of British metal - Cycling Weekly To many bike racers, the mere suggestion of racing on a steel frame, let alone training on one, would be considered a joke. For some
