areas of immunology and therapy. Journal of Immunology Research |

Hindawi Immunotherapeutics - The field of research that deals with treatment of certain diseases involving immune therapy can be termed as Immunotherapeutics.

The method involves treatment of disease by inducing, enhancing, or suppressing an immune response. Immunotherapies that are designed to elicit or amplify an immune response can be classified as activation immunotherapies, while immunotherapies that reduce or suppress immune responses are termed as suppression immunotherapies.
