The cathedral and the bazaar : musings on Linux and Open ... The first critique of this paper to appear, When a Bazaar is Not a Bazaar, was thought-provoking but (IMO) basically wrongheaded. There is better commentary available, and a very thoughtful critique in Beyond the Cathedral, Beyond The Bazaar. The Linux Storm attempts to situate this paper within a larger analysis. The Cathedral and the Bazaar inable to cathedral-builders. By mid-1996 I thought I was beginning to understand. Chance handed me a perfect way to test my theory, in the form of an open-source project that I could consciously try to run in the bazaar style. So I did - and it was a significant success. This is the story of that project. I'll use it to propose some apho- The Cathedral and the Bazaar - unterstein.net The Cathedral & the Bazaar is a must for anyone who cares about the future of the computer industry or the dynamics of the information economy.
